

SAN MATEO COUNTY SHERIFF HOMELAND SECURITY DIVISION OFFICE OF EMERGENCY SERVICES

Guidance Summary for Nuclear Preparedness

Notifications	Immediate Actions	Considerations
(1) SMC Alert Advisory Message (2) Wireless Emergency Alert System (EAS) Advisory		<ul style="list-style-type: none"> If you are indoors, stay where you are, away from windows. If you are outdoors, take shelter in a building immediately. If you are driving, pull over to the side of the road and seek shelter in a building or lie flat on the ground. DO NOT LOOK AT THE LIGHT <ul style="list-style-type: none"> To survive the blast and effects of thermal radiation, shelter is required. You may have minutes to take action in finding shelter. Concrete buildings offer the best protection.
(3) Sirens sound Attack-Warning Signal		<ul style="list-style-type: none"> Stay indoors: officials will inform you that it is safe to leave; 14 days have passed, whichever comes first. Electricity, water and other utilities will be severely disrupted. <ul style="list-style-type: none"> Stay indoors and away from fallout for 14 days. Emergency Services will assess and announce when safe to go outdoors.
(4) Brilliant white light (flash) is observed		<ul style="list-style-type: none"> Listen to local AM-FM radio for official information and sign up for SMC Alert. Mobile phones, TV, radio and Internet may be severely disrupted or out of service. <ul style="list-style-type: none"> Local AM-FM broadcast radio is the best way to receive official information. Earthquake preparedness supplies will be very useful to help yourself, and others.
